

We are starting our annual Computers For Education Program January 23, 2012

All you have to do is send back a book with 11 names and addresses of people we can send a magazine brochure to, and that's it. The company pays us for each name that they receive and gives our students prizes and a chance to win a tee shirt if 2 sales come from these contacts.

- We get 50 cents per name and address, regardless of whether or not an order is placed or renewed. If someone doesn't find a magazine they want there is a place to order something for your child's classroom.
- These names are **NEVER** sold or given out to anyone. This company sends mailings for **ONLY** this year's magazine sale and fundraiser. You do not collect or sell anything. The order form and everything is handled through the company.
- **An address can only be counted once!!** For example: You **cannot** have a page for Mom and another for Dad **if they live at the same address**. We need 11 different addresses.
- Each classroom, our lab, and media center now has its own TV, VCR, computer hook-ups, printers, and other technology. Each student has their own earphones for computers and listening centers thanks to this "Mr. Earl" Program.

We appreciate your support. It is an easy, fast way for us to earn money for technology. The whole program will be done next week. If you have any questions, please feel free to contact us at Hampton School. Thank you for your help.
